

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADADate of filing in State Engineer's Office APR 28 1993

Returned to applicant for correction _____

Corrected application filed _____

Map filed APR 28 1993The applicant Texaco Refining and Marketing, Inc. Attn: Mr. Boyd Stringham10 Universal City Plaza, of Universal City
Street and No. or P.O. Box No. City or TownCalifornia 91608-7812, hereby make application for permission to appropriate the public
State and Zip Code No.waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a
copartnership or association, give names of members.) December 28, 1989 Delaware, U.S.A.1. The source of the proposed appropriation is (shallow, unconfined aquifer) underground
Name of stream, lake, spring, underground or other source2. The amount of water applied for is 0.044 maximum second-feet
One second-foot equals 448.83 gals. per min.(a) If stored in reservoir give number of acre-feet N/A3. The water to be used for Groundwater Remediation
Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.

4. If use is for:

(a) Irrigation, state number of acres to be irrigated N/A(b) Stockwater, state number and kinds of animals to be watered N/A(c) Other use (describe fully under No. 12. "Remarks") See No. 12

(d) Power:

(1) Horsepower developed N/A(2) Point of return of water to stream N/A5. The water is to be diverted from its source at the following point See attached
Describe as being within a 40-acre subdivision of public

survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.

6. Place of use Project site is located at 4910 S. Maryland Parkway in Las Vegas,
Describe by legal subdivision. If on unsurveyed land, it should be so stated.Nevada in the NW $\frac{1}{4}$ of Section 26, Range 61 East, Township 21 South of theMount Diablo Base and Meridian.7. Use will begin about Jan 1 and end about Dec. 31, of each year.
Month and Day Month and Day8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and
specifications of your diversion or storage works.) See attached
State manner in which water is to be diverted, i.e. diversion structure, ditches and

flumes, drilled well with pump and motor, etc.

9. Estimated cost of works..... is approx. \$35,500.00.

10. Estimated time required to construct works..... is one month.

If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use..... is two years.

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use:

Groundwater will be pumped from four 6-inch diameter wells at a rate of approx. 5 gallons per minute each. The groundwater will be routed via underground piping to a treatment system consisting primarily of an air stripper. The treated water will be discharged via underground piping to the NDOT stormwater system.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as authorized by the Nevada Division of Environmental Protection. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. The State retains the right to regulate the use of water granted herein at any and all times.

* The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.044 cubic feet per second, but not to exceed 10.4 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed before.....

Application of water to beneficial use shall be filed on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No..... Issued.....

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,
State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 11th day of June

A.D. 1993

[Signature]
State Engineer

(PERMIT TERMS CONTINUED)

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

This permit is issued pursuant to the provisions of NRS 533.4375. Well drillers reports for any well(s) drilled under this permit shall be filed within 30 days from the completion of the well.

Within 30 days after the completion of the project, the permittee shall notify the State Engineer of such completion and all wells shall be plugged and abandoned in accordance with Chapter 534 of the Nevada Administrative Code.

**ATTACHMENT TO
APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF NEVADA**
